Conference Information

This conference is designed for neonatal health care professionals and interested students, offering current information pertinent to everyday practice in the Neonatal Intensive Care Unit.

Accreditation

The Southern California Association of Neonatal Nurses (SCANN), a chapter of the National Association of Neonatal Nurses (NANN), is approved by the California Board of Registered Nursing (provider # CEP9626) to offer 7 contact hours for this educational conference.

Tuition

This conference is limited to 100 participants. Early registration is recommended. Your registration fee is due by October 2nd, 2006 and includes: full tuition, syllabus, continuing education credit, continental breakfast, lunch, refreshments at breaks, and optional participation in the Post Conference Hospitality session. A full refund will be given for cancellations received in writing (or via e-mail) by October 2nd, 2006. Registration confirmation and a map will be sent to all registrants. Please provide an email address to expedite receipt of registration confirmation. If confirmation is sent via email, no hard copy registration will be provided (unless requested by the registrant. Ample parking is free and will be sponsored by Med Immune.

SCANN

The Southern California Association of Neonatal Nurses was established in 1989. Our goal is to facilitate an exchange of information and to establish a forum for networking among neonatal nurses and other neonatal health care professionals, making continuing education available to its members on a regular basis. NANN membership is encouraged to join SCANN, but is not required. For more information about SCANN or the 12th annual conference, please write to:

SCANN, PO Box 711652, San Diego CA 92171

Conference Objectives

Upon completion of this educational offering, the participant will be able to:

1. Explain the importance of initiating head/body cooling within six hours of delivery for asphyxiated newborn infants.
2. Describe at least two different work styles and how to negotiate these in the NICU setting.
3. List and discuss at least three upcoming changes to the Neonatal Resuscitation Program (NRP) effective January 1, 2007.
