This conference is designed for neonatal healthcare professionals and interested students, offering current information pertinent to everyday practice in the Neonatal Intensive Care Unit.

**SCANN**—The Southern California Association of Neonatal Nurses was established in 1989. Our goal is to facilitate an exchange of information and to establish a forum for networking among neonatal nurses and other neonatal healthcare professionals, making continuing education available to its members on a regular basis. For more information visit www.neonatenurses.com.

**Accreditation**—The Southern California Association of Neonatal Nurses (SCANN), a chapter of the National Association of Neonatal Nurses (NANN), is approved by the California Board of Registered Nursing (provider #ECP9626) to offer 7 contact units for this education conference.

**Tuition**—Your registration fee includes: full tuition, continental breakfast, lunch, refreshments at breaks, and parking. Registration confirmation will be sent to all via e-mail.

**Conference Objectives:** Upon completion of this educational offering, the participant will be able to:

1. Understand the four elements necessary for a patient to file a medical malpractice lawsuit.
2. Learn how palliative care works and how to integrate services provided by San Diego Hospice for postnatal palliative care.
3. Define the late preterm infant.
4. The attendee will be able to discuss approaches to newborn resuscitation outside of the normal delivery room.
5. Summarize the effects of surfactant and endotracheal intubation on neonatal brainwaves.
6. Review the clinical effects of NAVA and what it tells about our babies.
