

SCANN Meeting

Monday, January 10, 2005

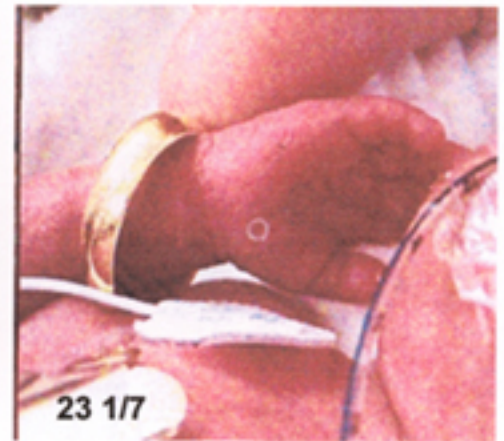

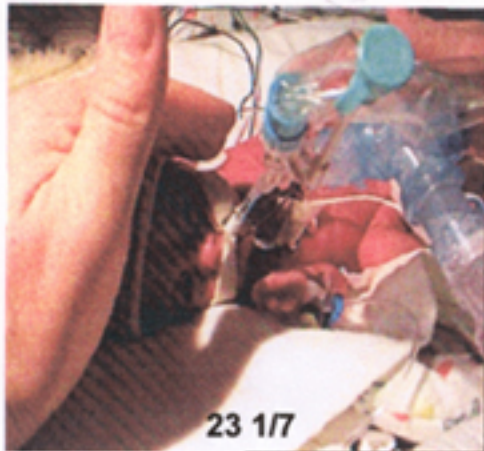

6:00 p.m. - 8:00 p.m.

Kaiser Foundation Hospital
Classroom 2 in Basement

Does Size Really Matter?

Decision Making on the Threshold of Viability

Presenter: Matthew T. Sebald, M.D.

Objectives:

At the conclusion of the program, the attendees will be able to:

- 1) Describe the survival and outcome of extremely premature neonates
- 2) Explain the historic legal precedents in regard to parental rights and extreme prematurity.
- 3) Discuss the basic ethical principals involved in treatment of extremely premature infants.

Provider approved by the California Board of Registered Nursing; Provider #CEP 9626 for one contact hour
