

NANN Membership and Chapter Talking Points

Why Join NANN in addition to your local chapter?

Membership in NANN is a prerequisite to belonging to your local NANN chapter. The two organizations and the benefits associated with them are designed to complement each other; deliver more breadth of information, connections and resources to members; and strengthen the collective voice of neonatal nursing as a profession.

In addition to the exclusive benefits that you value from your chapter membership, you also receive the NANN member-only benefits to help support you in your profession and expand your resources and connections.

NANN is the professional voice that shapes neonatal nursing through excellence in practice, education, research, and professional development. By joining NANN, you become a part of this vibrant community of neonatal nurses who seek to optimize care for neonates and their families.

Become a NANN member to influence.

- A voice in forums where standards are being set and practice is being defined
- Resources that set the standards for practice, most notably, Neonatal Nursing: Scope and Standards of Practice
- Coalitions with other healthcare-related groups that have an impact on neonatal practice

Become a NANN member to collaborate.

- Access to MyNANN, a private online social network for NANN members only
- Local and regional chapters
- Leadership and volunteer opportunities
- Special Interest Groups (SIGs)

Become a NANN member to learn.
